

MINDCAP™

Cognitive Advantage Program

Need more productive employees? Can their focus be hijacked? What happens in the brain? Learn how social situations can cause people to go into shut-down mode, curtailing change management and problem solving. How to recognize and resolve this dilemma successfully will be covered in detail, using David Rock's SCARF techniques, plus much more!

Contact Dr. Jeanne Zehr for a tailor-made workshop for your corporation or organization: 260-704-3336 or jeanne@mind-cap.org

BRAIN BOSS

Neuroscience of Leadership
