OF FORT WAYNE**

## *Jim Kelley Career Pathway Center*

The Jim Kelley Career Pathway Center not only prepares today's youth to successfully enter the workforce, but provides local employers with a resource to find the well trained and skilled employees they so desperately need.

The training center provides teens with skills training which includes soft skills and resume writing and interview skills to prepare them to successfully enter the workforce and have a sustainable and fulfilling career. Students who complete training with JKPC will leave with certifications for both OSHA and CPR.
