Institute for Workforce Excellence Indiana Chamber of Commerce

We help Indiana employers and community partners develop and retain Hoosier talent through relevant work-and-learn experiences that drive a highly skilled and equitable workforce.

Work and Learn Indiana is a high-tech and high-touch system, built to enhance opportunities for individuals seeking internships and work-based learning experiences and employers searching for interns. The high-tech portion allows employers to access our candidate database, advanced search features and the ability to contact students.

Additionally, Work and Learn Indiana offers high-touch services that enable you to receive personal assistance, customized tools and much more

The Institute for Workforce Excellence focuses on tackling the everchanging workforce needs by helping HR professionals take advantage of opportunities for growth.
